MEMORANDUM FOR THE WORKING GROUP (STALIN)

SUBJECT: WGS Meeting, May 5, 2:30 p.m.

In addition to considering the topics which our terms of reference make standing items of business, it might be useful for us to discuss the following:

1. Are any of the proposals in Part III of the March 13 draft of D-40 (which was deleted from the final paper) timely just now?
2. Prospects in Eastern Europe during the next twelve months. In this connection:
  - a. Possibility of using U.S. agricultural surpluses for political warfare.
  - b. New possibilities in East-West trade in the light of Soviet lures at Geneva.
